

It's a scientific fact.  
Every man has female genes.

So, it's perfectly logical  
that he'd want a gingham pin-  
afore to go with them.

At Miss Vera's Finishing  
School, we can help you  
become the girl of your dreams.

Our experienced faculty  
will work with you in one-on-  
one classes at our Manhattan  
campus. From courses in  
make-up and dress-up to  
elocution and walking, we'll  
create a female persona that fits  
you perfectly.

We also have weekend getaways and excursions

Get your nails done at a salon?  
Have tea at The Plaza? We'll  
take you every step of the way.

You could even meet your
